Combinations, but no reasons or correctionsBy mgiballerinaI am an intermediate classical ballet student. I was disappointed in this book because it wasn't as I expected. It listed the steps and combinations taught in each level, but it didn't explain why. I returned it, but it might be useful for a teacher who is developing a syllabus.

(Limelight). The complete 8-year curriculum of Leningrad's famed Vaganova Choreographic School, which trained Nureyev, Baryshnikov, and Makarova, including over 100 photographs. A volume which no teacher, scholar, or student of the dance can afford to miss. "A serious, indeed indispensable, textbook." Clive Barnes
