Plus it has great information and fun little facts on his royal studliness. I actually bought this book for my boyfriend (who has a weird obsession with Ryan Gosling, which I'm totally okay with) for Valentine's day and he absolutely loved it. I almost didn't want to give it to him, though, because I liked it so much!0 of 0 people found the following review helpful. There are at least 100 Reasons to Love "100 Reasons to Love Ryan Gosling"By Shelby MichaelsBut I promise I won't list them all! I bought this as a gift for a friend who is crazy about Ryan Gosling. The pictures in the book are absolutely GORGEOUS, really top-quality, and the book is very cute, and filled with info about the star. Highly recommend for RG fans. Makes a great gift. However, note that you

have to allow several weeks to order so if you're ordering it as a gift, don't wait until the last minute. 0 of 0 people found the following review helpful. If Ryan Gosling is BAE you should have this book By Wonder Woman Ryan Gosling. Do you need any other reason to purchase this?

Actor. Musician. Heartthrob. Feminist icon (sort of). There's only one Ryan Gosling. Women want him. Men want to be him. Most Tumblr blogs are about him. No mere Hollywood pretty boy, he's symbolic of everything modern manhood should aspire to. Did you see *The Notebook*? Exactly. Packed with trivia, jokes, and over 100 full-color photos that graphically illustrate his physical perfection, *100 Reasons to Love Ryan Gosling* provides scientifically irrefutable evidence of exactly why Ryan is so damn loveable. Is it because he takes his mom to film premieres? Plays in a hip indie band? Carries his dog through airports? Breaks up street fights? Furthered the feminist cause without even trying? Has no problem with nudity even when the script doesn't strictly require it? It's all these things and more.

"Number eight: his ex-girlfriends love him. Number nine: he loves animals." -- from the book *About the Author* Writer, ghostwriter, actor, cat wrangler. Joanna Benecke lives in London. Film editor by day (for "DIVA" magazine) and screenwriter by night, she's written on an astonishing range of subjects. Ryan will always be her favorite.
