Just a great survey of all the basic mating positionsBy fhrJust a great survey of all the basic mating positions. Worth going through every so often to reset all that knowledge in your mind!

Checkmate, the object of the game of chess, can be executed in more ways than anyone can count. This truly outstanding book, first published in Russian in the '70s and regarded as a classic, contains one of the most comprehensive collection of checkmate combinations ever assembled. Available for the first time in English, it also sports an introduction by former world champion Mikhail Tal.

About the AuthorVictor Henkin is a well-respected Russian chess writer and Grandmaster. He is the co-author of Tal's Winning Chess Combinations: The Secrets of Winning Chess Combinations Described and Explained with former world champion Mikhail Tal.
