10 of 10 people found the following review helpful. Just not what I was looking for By Nicholas For some one who doesn't know the the basic card games this book was a little cumbersome. also there is no where near 101 games in this. it's more like 10 or 20 and then variations of those. None of which were the types of games I was looking for. I didn't like this book. 0 of 0 people found the following review helpful. Good selection with decent instructions By

Thunder Squirrel Well put together. Good selection with decent instructions. Would be a great gift for a family. 0 of 0 people found the following review helpful. Four Stars By MMF This and a deck of cards makes a nice family gift for any occasion

"A nicely organized book chockablock with games that can be enjoyed by...a variety of ages.... Begins with games that children as young as five can play with their parents, then...a number of more complicated games that older children can easily play on their own...a great assortment...clearly written and easy enough for many children to read on their own. Great for the parenting shelf, or pull the book out for kids on rainy or snowy days."--Booklist.
