Marc Zev, Kevin Segal, Nathan Levy : 101 Things Everyone Should Know About Math before purchasing it in order to gage whether or not it would be worth my time, and all praised 101 Things Everyone Should Know About Math:

Do you excel in math? Struggle with it? If the answer is Yes, this book is for you! These math questions show you that

math is everywhere and knowing how to tackle it is useful and fun. With entertaining connections to popular culture, sports, hobbies, science and careers, the challenges are intriguing and insightful (plus you don't need a calculator or paper to solve them). Open this book and discover the fascinating world of math! Math is a critical part of our everyday lives; we use it dozens of times daily. and wish we understood it better. The second title in the 101 Things Everyone Should Know series, this book makes understanding math easy and fun! Using an appealing question and answer format, this book is perfect for kids, grown-ups and anyone interested in the difference between an Olympic event score of 9.0 and Richter scale score of 9.0.
