Mike Caro : 12 days to hold 'em succe\$\$ before purchasing it in order to gage whether or not it would be worth my time, and all praised 12 days to hold 'em succe\$\$:

1 of 1 people found the following review helpful. A wonderful resource for limit Hold'em By Preston Kent Poulter This booklet transformed me from a break even player into one who, after more than 1000 hours of play, is a consistent winner. It is simply the most concentrated and potent knowledge for limit Hold'em I've found. The book is divided into 12 days. Each day you have a "lecture" on poker theory, and a mission that forces you to apply the theory to actual play. You are then to go play poker and try to carry out your mission. At the end of the mission, there's a follow-up where Mike discusses what he wanted you to learn and gives you the take home message. Trust me, it works.
