I plan to use it as an aid to creating more lively spur of the moment encounters, and to flesh out npcs the characters run into. Thanks! Also, well-packaged, and arrived in a timely manner.2 of 3 people found the following review helpful. Great cards, the best art of all add cardsBy Cliente Great cards, the best art of all add cards... A masterpiece of RPG. A magical item that brings you back to the good old days playing with friends...no work, no wives, only RPG friends. I love to watch them, select the best of best art, connect cards, organize them and think about the chest that i need to safely bury them in a dangerous cave just before i die...wow obs. Do not show it to kids or wives! Hide hide and hide.6 of 6 people found the following review helpful.
