The only thing that I didn't like is that the book is broken up into sections and the answers for each section are at the end of each section instead of at the end of the book. My kid figured that out pretty quick and started peeking at the answers instead of working some of these out. I ended up cutting them out of the book. One thing I liked was that it gave instructions on how to do some of the puzzles (like logic puzzles). However, I didn't like HOW the instruction was given.6 of 6 people found the following review helpful.
