Both an instruction book and an engaging meditation on the joys of chess, this is the final work by one of the most successful chess writers of all time. Irving Chernev blends anecdotes with his observations on inspiring moves and combinations by well- and lesser-known players, including Troitzky, Rti, Kasparian, Benko, Kubbel, Rinck, Grigoriev, and many others. Each example is introduced with a cue ("White to play and win") and includes the composer's name, the date of its original publication if available, a clear diagram with an algebraic grid, and the winning variation presented in algebraic notation. Chernev's sparkling text is complemented by introductions by national Master Bruce Pandolfini and Adam Hart-Davis, an editor who worked with Chernev and who helped assemble this posthumous publication. Appropriate for players at every level, 200 Brilliant Endgames promises to assist chess enthusiasts in sharpening their endgame skills and to enhance their pleasure and satisfaction in the game.
