If you admire the work of belgian designer Martin Margiela this is a book you couldn't miss. But it's even better if photographer Mark Borthwick is a part of it. The book is perfect from head to bottom. The pale pink cover has Borthwick's handwriting (like in the past for Sonic Youth's 'A thousand leaves',...), and if you've seen the video for Margiela's A/W 98 collection with Stella Tennant, you'll know what i'm talking about. A perfect art work in every way.

Photographs by Mark Borthwick.
