Each day a different unique style is depicted but there is still enough room in the date box to make notes. This calendar opens to show the full month. It is not a day per page as it might seem by the description. This is a perfect calendar for my workplace as I run a multimillion dollar shoe department in a high end department store. My staff loves it. 0 of 0 people found the following review helpful. From One Shoe Lover to the World By N. Johnson Shoes, shoes, shoes! I can't tell you how fun this calendar is! I only wish that there were a better variety of designers (Zanotti is too prevalent, and the shoes are often from the past few years.) I had this up at work where dozens of women saw it every day and we all would look at each new month and decide which shoes we liked and which we hated and, of course, always played the "If you had to choose one pair from this month, which would you choose?" Good colors, good space to write in, fun calendar. Not for anyone looking for a quiet, understated calendar. For that, swing over to muted colors floral drawings. ;^) Oh, by the way, I have the little paperback book, "Shoes" and I think a calendar should be made from THAT! 0 of 0 people found the following review helpful. So many shoes, all in your size. The calendar that satisfies the obsession of even the most fanatical shoe lover, 365 Days of Shoes is a showcase of elegant, inspiring, playful, out-there, and always fabulous footwear in glamorous full color. From the fresh modern designs of Jerome C. Rousseau and Giuseppe Zanotti, to the vintage classics of Yves Saint Laurent and Charles Jourdan, every month features slinky sandals, classic pumps, va-va-voom stilettos, sexy mules, and to-die-for boots. Adapted from Linda O'Keeffe's international bestseller Shoes, it's like stepping into the closet of your dreams.
