This book basically is a tell all about the ins and outs of the said material. There is also a list of what items you can craft with redstone as a part of the ingredients. Don't fret though, as it is not just a list but there's a guide on how you do it as well.0 of 0 people found the following review helpful. An excellent book for Minecraft fans out there as it teaches ...By Cynthia RogersAn excellent book for Minecraft fans out there as it teaches almost all aspects about how to use and acquire redstones.This book is perfect for beginners as it teaches you how to utilize Redstone apart from its qualittites as a brewingagent. It has a particular chapter on how to use Redstone for armory etc neatly specified in a chapter. It definitely isbetter than the Wiki page for Redstone. All in all, a good book, highly recommended.0 of 0 people found the following review helpful. I cant read itBy Kindle CustomerDon't get this book you can't read it because its all in egipshan writing why its a another "free" book
