Conceptis Puzzles : Absolutely Nasty Kakuro Level Two (Absolutely Nasty Series) before purchasing it in order to gage whether or not it would be worth my time, and all praised Absolutely Nasty Kakuro Level Two (Absolutely Nasty Series):

0 of 0 people found the following review helpful. Absolutely the best in puzzle booksBy KGNice quality white paper - easy to erase and doesn't show through to the other side. SPIRAL bound makes it so easy to work each page. Every puzzle fills an entire page. Answers are easy to find. This level is hard enough for me after doing several hundred of Kakuro puzzles. Level One is a nice one for a lazy day when you want just a bit of a challenge. Level Three was

generally too hard for me - I got about 1/3 of them done without any help. I've bought different sudoku books and variety books but this series is the best by far. 0 of 0 people found the following review helpful.
