John Donaldson, Jeremy Silman : Accelerated Dragons before purchasing it in order to gage whether or not it would be worth my time, and all praised Accelerated Dragons:

11 of 12 people found the following review helpful. Scorching WhiteBy J. MartinezThe Accelerated Dragon is a sharp opening for black that is full of tactics and counter-play. This is an excellent book for those who are seeking an aggressive system for black.Don't pass this one up. This is good addition to your library. It contains tactical themes

and shows black how to play against white setups, especially the Maroczy Bind, which is one of white's best replies vs. Accelerated Dragon. Very solid and theoretical. Both authors Donaldson and Silman have done a good job. Covers main lines and contains sidelines played by chess masters. Advanced players will find this book useful. 1 of 1 people found the following review helpful. Three Stars By Justin Davis just way too much was put into this book way too many lines not enough explanation 1 of 1 people found the following review helpful. not bad By Papagambit not the best organization that I'd like in an opening book, but good material. John's works are always noteworthy. Well written.

Many players are attracted to the Dragon Sicilian, but are put off by the fierce mating attacks that White can launch. In the Accelerated Dragon, Black aims for an improved version, saving a move with his queen's pawn. If White tries to ignore the difference, Black's instant detonation of the centre will come as an unwelcome cold shower! The authors show that White's main reply, the Maroczy Bind, is not so fearsome as was once thought. Black has many ways to break out, while quite often it is possible to manoeuvre around White's 'binding pawns' and show that they imprison White's pieces as much as they do Black's.

Written by two outstanding experts on the Accelerated Dragon, this book offers complete coverage of all lines of the Accelerated Dragon and many ideas for breaking the critical Maroczy Bind. International Master John Donaldson is Associate Editor of the acclaimed magazine *Inside Chess* (Seattle). He is the author of several books, including theoretical opening works and painstakingly researched player biographies. He plays regularly and successfully in North American tournaments. International Master Jeremy Silman is co-author (with Yasser Seirawan) of Microsoft Press's series of chess books, and author of several openings books. (320 pages, 5 3/4" X 8 1/4")
