I learned to play bridge years ago using Shirley's 4 book series, of which this is one of the books. I went on to play duplicate and even won a few Master's Points in

tournaments. I loaned the books to someone who never returned them, so when I decided to start playing again I bought Shirley's updated series to refresh my skills. These books are short, simple, clear, and to the point. They explain the logic of the various bidding, play, and conventions so that it is easy to understand how and why you use them - which makes it easy to remember and implement each lesson. 0 of 0 people found the following review helpful.
