Strategies for beating the tough games of Limit Hold'em from coach Barry Tanenbaum.

With its many helpful lessons and careful, clear presentation of difficult concepts, Advanced Limit Hold 'em Strategy deserves a place alongside other must-have books for the serious poker player.[www.pokernews.com](http://www.pokernews.com)This is a very good book filled with excellent analyses of how to play and win in middle limit hold'em games and beyond. I expect those who are trying to move up the limit hold'em ladder will gain a great deal from this book, I know I did.

Consequently, I strongly recommend it for those who play in these games or are looking to do so. This is one of the better strategic poker books I've read in quite a while.Nick Christenson, Poker PlayerAbout the AuthorBarry Tanenbaum has been a full time professional for many years and is widely acknowledged as a top poker coach and teacher.
