I must point out though that there are multiple instances where they attribute quotes to the wrong characters throughout the book. They should seriously find a more knowledgeable editor. I still love it though.1 of 1 people found the following review helpful. Adventure Time!!!By lyle evansLove this book!!! Great title screens from seasons one and two including awesome commentary by some of the artists. I would totally recommend this to fans of the show, or artist who find the show aesthetically pleasing. Can't wait for vol.21 of 1 people found the following review helpful. Good short bookBy mikaylaGood little book, mostly sketches and a large picture of the finished title card. There is a little commentary but it is a nice book to have and it is cute, and simple.

The first of two beautifully lavish books created to celebrate the distinctive designs behind the Adventure Time title cards. Combining sketches, works in progress, revisions and final title card art, the book will take readers on a visual guide of the title card development, with quotes from each episode and commentary from the artists Pendleton Ward, Pat McHale, Nick Jennings, Phil Rynda, and Paul Linsley.

Id suggest you pick it up and gaze at the beautiful pages, smell it while that new book smell lasts and find a proper place on your table for quick browsing. - Watch Play Read"Features absolutely gorgeous illustrations and artwork by
