THIS BOOK WAS AMAZING!!! . . .By talkiefan@themoviesbuy this book. if you're a Ouija fan, or if ever in the past you played w/Ouija--whether there were results or if somehow you didn't have them--G E Cornelius will fill you in. Cornelius is a member of a group that believes they can both

invoke "evoke" ghosts/(spirits.) You learn in this book that he calls them 'elementals' he shows you how you can conjure them up to work the ouija board, for you. i learned from this book that the answers i got when i was a kid, playing w/this thing (successfully) are not to be taken lightly--those actually were results, and i may have even opened up an inter-dimensional portal. he gives a complete history of 'the ouija.' it is fascinating, i never knew the resemblances to spiritualistic threads in history. But, "Buyer Beware!"--the author emphasizes that these things are not to be taken lightly. he gives a clear-cut path where you can handle the entity you want to contact (nothing more.) so that you make sure you don't have just any wandering astral creep in communicate w/you. i liked the chapter that was on keeping a Voodoo shelf for your astral "self" . . .0 of 0 people found the following review helpful. crap!By Paul Garciagargbage0 of 0 people found the following review helpful. nice!By galaxiagreat book for beginners in occult reading, approachable and cool insight on the history of the board! enjoyed reading :)
