**Ted L. Nancy : All New Letters from a Nut: Includes Lunatic Email Exchanges** before purchasing it in order to gage whether or not it would be worth my time, and all praised All New Letters from a Nut: Includes Lunatic Email Exchanges:

0 of 0 people found the following review helpful. Truly a side splitter!By Liz ValentineThis edition of "Letters from a Nut" is so outrageous! The best way to read these letters is out loud, because you start laughing and cannot get the rest of the words out. Others start laughing and they haven't even heard the whole thing yet! "Letters" is definitely great for a group of people in a fun mood--the letters are so hilarious. The fun is compounded when the addressee writes back,

and seems to take the subject seriously, which of course prompts the author to write another letter in reply! My husband and I enjoyed this book with some friends and a glass of wine, and we were in stitches for hours! I highly recommend "Letters from a Nut", and urge readers to also read the first edition. Unbelievably funny! 0 of 0 people found the following review helpful. I liked it. By Kindle Customer Probably not as much as the first couple of Letters books. My husband laughed almost continuously when he read it, though. It's a good read for when you're not interested in something heavy. 0 of 1 people found the following review helpful. Buy #1 and 2. Pass on #3. By grocerySMARTS.com This 2 star rating is in comparison to Ted L. Nancy's other letters from a nut books which are both LAUGH OUT LOUD, funny and 5 star rating books. This third book is almost like someone else writing "mad libs" using Ted's classic letters formulas...but they just miss the mark somehow. I do not believe this 3rd book was written by the same author as the first 2 books (whoever that is...). I did not laugh out loud. I often found myself skipping to the next page after getting half way through a letter. I could have used Ted's form letters and filled in the blanks, and I would have turned out a book of this quality. But having done so, I would NOT want to pay a fee to read a book that came from my own brain. I suggest the buyer look to the first 2 books for genius style comedy and suppress the urge to purchase this book by playing Mad Libs with forms from the first 2 books. It will cost less, and leave you with the same feeling as if you read this. Jerry should have hired the original Ted to ghost write the 3rd book. Not Banya.
