Douglas Congdon-Martin : Aloha Spirit: Hawaiian Art and Popular Design before purchasing it in order to gauge whether or not it would be worth my time, and all praised Aloha Spirit: Hawaiian Art and Popular Design:

0 of 0 people found the following review helpful. Excellent book of the 'Vintage Hawaiian Home of the 1940's'... and all that went with it. FANTASTIC BOOK!!! By Brian Goddard As a large contributor to this book I highly recommend it to anyone interested in the whole look of a Vintage Hawaiian 'Pop' Interior. As a long term collector I still love to look back at our work and contributions to this project with great honor. I still have 90% of everything photographed. A wonderfully laid out book with amazing photographs of both 'living room' 'home decor' setting but individually itemized catalogue of major collectors in Southern California at the time. I'm proud to have been part of it and to have shared our collection with so many over the years. 0 of 0 people found the following review helpful. The Dictionary for Hawaiiana By The Rattan Selling Man This is the best book I have ever seen that shows the best of what's available in the world of Hawaiiana. I just acquired a list of everyone who donated items for this great book. If you need any information about these people or objects drop me a line at Harveylaca@gmail.com

The magic of the Hawaiian Islands has captivated the hearts and imaginations of visitors for over 200 years. The infectious Aloha Spirit is something they take home with them not only as memories, but in tangible reminders of their trips: a shirt, a carved perfume bottle, a figurine. At the least these mementos hold cherished spots in their homes, but for those who are truly smitten, they have become the centerpieces of a complete design motif based around the Hawaiian experience.

About the Author Douglas Congdon-Martin is the author of numerous books about antiques and collectibles, and has photographed extensively in Hawaii.
