**Parragon Books : Amazing Crossword Collection - Series 5** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Amazing Crossword Collection - Series 5:

Love the spiral-bound books which is why I ordered them, but these three are dreadfully easy, all four- and five-letter words and absolutely no challenge whatsoever. My 10-year-old granddaughter could do them. It was wasted money as I will probably never finish even one book. Was so annoyed, I ordered two of the LA Times puzzle

books that at least didn't insult my limited intelligence. You need a better system to let people know the difficulty level. I admit NY Times puzzles are more challenging than I enjoy, and have worked through most of the recent Washington Post books but these three "Amazing" books are for beginning puzzlers.0 of 0 people found the following review helpful. Fun and EasyBy TrishI enjoy doing these crosswords. Yes, they are easy and the clues are repeated throughout. But I use these as a way of destessing. I don't have to go to a dictionary or google the clues for the answers. I play a game with them. I do all the cross clues first then with any that I couldn't answer I try to guess what the answer is before going to the down clues. I have fun.4 of 4 people found the following review helpful. Terrible Crossword BookBy JI WheelockI had just got done working with one of their crossword puzzle books and enjoyed it enough to buy this one. But - this version is just terrible. There are not enough connections to confirm that your solutions are good or not. Very frustrating.

Everyone loves a crossword! This collection is packed with crossword puzzles of all challenge levels and makes an ideal gift or stocking stuffer for any crossword puzzle fan.
