Parragon Books : Amazing Wordsearch Collection - Series 5 before purchasing it in order to gauge whether or not it would be worth my time, and all praised Amazing Wordsearch Collection - Series 5:

7 of 7 people found the following review helpful. I am in Word Search heaven By musicmomma I purchased this book last week and I love it. I love working on word search puzzles. They really help pass the time. Some of the puzzles are a bit challenging and some are easier but they are all fun. I like the spiral binding on the book so you can fold the book over when working on the puzzles this way, at least for me. I like that there are 300

puzzles in the book so you are not carrying around more than one book at a time. I bought several word search books at a time when I bought this one so I am set for a long, long time. There is a better selection of word search books on than is the store where I used to get them. If you love word search puzzles, this is a book to get! 5 of 5 people found the following review helpful. Great gift
By adhl purchased this for my grandmother who is in her 80s as she is a major fan of word searches. She loved this book. Her favorite aspects were the spiral binding and relatively small size (compared to some of the larger books I have given her in the past) that makes it easy for her to hold. She also loved that puzzle and words to find are on the same page so she does not have to flip back and forth. Finally, the font is a nice size and easy for her to read. Overall a great gift and she has already asked for more books in this series.

By Brent D. Dayton Gift for my mother - she loves these things! Very nicely constructed with high quality paper; not the 'newspaper' type of writing surface.

This collection is packed with word search puzzles of all challenge levels and makes an ideal gift or stocking stuffer for any fan of puzzles and brain games.
