Nothing cool about it unless you use it to fan yourself ...By flamamaTo start with, this book contains not one cryptic crossword puzzle. The puzzles it does contain have one word clues that a third grader could answer. Nothing cool about it unless you use it to fan yourself with on a hot day. If you are looking for cryptics or puzzles that have a modicum of challenge this is a total waste of money.13 of 13 people found the following review helpful. DO NOT BUY THIS BOOK!By Neal StarkmanDO NOT BUY THIS BOOK! As soon as I opened it, I knew it was trouble. There is no introduction. There are no page numbers. There are no numbers labeling the crosswords. There are no

numbers labeling the answers to the crosswords. And most important: THESE ARE NOT CRYPTIC CROSSWORDS! They are not cryptics, they are not cool, and they are not even good. This is a travesty.

If a person loves to be challenged then an American Cryptic Crosswords: Super Cool Crosswords book is the perfect choice. Cryptic crosswords contain difficult questions for advanced crossword solvers. They're perfect holiday or birthday gifts individuals with high IQs who love puzzles. They also give the brain a great workout!
