Olivia at her best!!!By PlayingwithpaintsI almost didn't order this book due to the 2 bad reviews but I am very glad that I took the risk. I found it to be wonderful!!! The few different versions of some of the art was actually an added treat for me. I saw no masculine models in this book. I love the Bettie Page art and lovely variety of art in this one. You can't go wrong with this gorgeous collection of Olivia's work!! I am truly inspired!!

Olivia's newest paintings and drawings (from the period of 1997 through 2003) are lovingly presented in this hardcover night table book which contains all-new art created since her last bestselling collection, 1997's *Second Slice*. This book features models Dila Von Teese, Masuimi Max, and many more favorites, including Bettie Page, newly drawn in Olivia's ever-changing styles, and ever-evolving techniques.
