The kids of Fedora Theatrix decided to take the challenge, and they're doing an amazing job with it. It's not show just anyone can do or just anyone can sit and watch without trouble. But it definitely is an history lesson that everyone needs.0 of 0 people found the following review helpful. Good, Depressing Theatrical LiteratureBy Elisa DiehlThis is a well-written but not unnaturally extremely depressing play. I recommend it for theatre enthusiasts and for anyone studying the holocaust. I do not recommend it to people mining for audition content or scene studies (there isn't a lot of material that would work when excerpted).0 of 0 people found the following review helpful. awesome playBy AlishaI recommend this book.
