Staff of Andy Warhol Museum : Andy Warhol 365 Takes: The Andy Warhol Museum Collection before purchasing it in order to gage whether or not it would be worth my time, and all praised Andy Warhol 365 Takes: The Andy Warhol Museum Collection:

3 of 3 people found the following review helpful. Good book, but not great...By WestI was expecting this book to be better. It has an awkward size for a photo book and the format is a bit odd. Some pages run horizontal and some are vertical, so you have to constantly move the book back and forth to read text and look at pictures. It also seems like pictures are just scattered around throughout and in my opinion the quality of the pictures could be better. (I wish they were larger.) There are also a lot of quotes of things Andy had said himself throughout his career as an artist, and brief descriptions of his paintings, etc.0 of 0 people found the following review helpful. Like the book but it didn't come in the best ...By sierra BoissonnaultLike the book but it didn't come in the best condition. There were dents and superficial scratches on it. Kinda bummed as I wanted to have this as a nice coffee table book.2 of 2 people found the following review helpful. Andy Warhol 365 Takes - Totally cool !!!By Wayne M. KaneAnother great Warhol book that showcases this mans amazing art design practice equally amazing lifestyle. The great thing about this book is that each page is dedicated to individual pieces from Warhol's extensive oeuv're. Each image is accompanied with a brief synopsis around the history or processes involved with the image. Any Warhol fan would really appreciate the simplicity of the layout of the book.

Andy Warhol was one of the most compelling figures of the 20th-century art world whose body of work transformed the landscape of contemporary art. He was also a notorious collector who saved practically everything that came his way. In 1994, seven years after the artist's death, The Andy Warhol Museum in Pittsburgh became the repository not

only for a substantial body of his artwork and films, but also for the Time Capsules into which he obsessively deposited a lifetime's worth of ephemera and personal memorabilia. For this book created in the same format as Abrams' best-selling *Earth From Above: 365 Days* the museum has gathered highlights of its collection. Illustrated with almost 400 objects, from paintings to party invitations, the volume also features lively commentaries by the museum's staff as well as quotes from Warhol's own irreverent writings. Timed to coincide with the celebration of the museum's 10-year anniversary, this book will serve as both an introduction to and a handbook for the most extensive collection anywhere of this iconic artist's work.
