I am so glad I brought these cards, I love them theyre so uplifting and spiritual and I read one every day. It seems like the cards are so insightful and inspired. After going through the motions of day to day life I look forward to reading an angel card and smiling. I highly recommend this product reading a card in the morning is a great way to start the day on a positive note and ending the day with an angel card is a great way to feel inspired before resting at night.0 of 0 people found the following review helpful. ... have a soft energy and high vibration that I easily connect withBy A CustomerThese cards have a soft energy and high vibration that I easily connect with.
