Cyrus Lakdawala : Anti-Sicilians: Move by Move before purchasing it in order to gauge whether or not it would be worth my time, and all praised Anti-Sicilians: Move by Move:

3 of 3 people found the following review helpful. Very good! By David Borensztajn As all Lakdawala books the move by move method is very good for the club player. The book is about practically all the main lines that are played against the Sicilian defence. A very good book if you play the Sicilian and do not want to get lost in multiple variations as in other more complicated books about the subject. 0 of 0 people found the following review helpful. Five Stars By Customer Great book. Lines are easy to learn and perfect for practical play. 5 of 8 people found the following review helpful. Defend yourself against Anti-Sicilians By Alonzo H. Ross I own several Anti-Sicilian books, but this

new one is my favorite. It combines good lines with advice on strategy. Mr. Ladawala is a very experienced chess writer and does a great job.

This series provides an ideal platform to study chess openings. By continually challenging the reader to answer probing questions throughout the book, the Move by Move format greatly encourages the learning and practising of vital skills just as much as the traditional assimilation of opening knowledge. Carefully selected questions and answers are designed to keep you actively involved and allow you to monitor your progress as you learn. This is an excellent way to study any chess opening and at the same time improve your general chess skills and knowledge. Anyone who plays the Sicilian Defence as Black must be prepared to meet a whole host of options for White known as the Anti-Sicilians. These includes popular choices such as the c3-Sicilian, the Grand Prix Attack, the Closed Sicilian, the Kings Indian Attack and all Bb5 lines, as well as numerous gambits and tricky sidelines which can be very difficult to meet for the unwary player. In this book, International Master Cyrus Lakdawala examines the Anti-Sicilian lines and provides repertoire options for Black against all of them. Using illustrative games, he explains the positional and tactical ideas for both sides, highlights important move-order issues and provides answers to all the key questions. This book tells you everything you need to know about facing the Anti-Sicilians with Black. *Essential guidance and training in Anti-Sicilians*Utilizes an ideal approach to chess study*Provides a repertoire for Black

About the AuthorCyrus Lakdawala is an International Master, a former National Open and American Open Champion, and a six-time State Champion. He has been teaching chess for over 30 years, and coaches some of the top junior players in the US.
