**Anton Corbijn : Anton Corbijn: Famouz** before purchasing it in order to gage whether or not it would be worth my time, and all praised Anton Corbijn: Famouz:

2 of 2 people found the following review helpful. World's number one living portrait photographer?By Edward OliveArguably the finest portrait photographer alive today.A stunning collection of portraits mainly from the music industry. Whilst many try to pidgeon hole mr corbijn as solely a music photographer his work is important for its contribution to portrait photography and black and white film photography in the most general sense. The lighting, composition and artistic direction is without equal.0 of 0 people found the following review helpful. Five StarsBy OSVALDO SEOANEexcellent...!2 of 2 people found the following review helpful. heel mooiBy R. WentzelGreat quality book and filled with photos of all those artists in that time frame. Very happy with it.

Anton Corbijn's "firstborn child" *Famouz*, our own publication launched in 1989, really sparked things off. All of a sudden, the photographer, who had long been a nominee for success behind the scenes of the pop world and record industry, entered the limelight. His portraits of rock and pop idols had a completely different, completely novel slant: they were pensive, melancholic, more personal, galaxies away from the world of showbiz, glamour and image makers. Corbijn is now famous all over the world. His photographs, which led to a new era of music photography, are on display at international exhibitions. With an introduction by Bono and designed by star designer Peter Saville, the book contains photos of Tom Waits, Sinad OConnor, Pete Townsend, Joe Cocker, Siouxi Sioux, David Bowie, Brian Eno, Peter Gabriel, Bono, Kate Bush, Sting, Leonard Cohen and many more.
