Pat Battaglia : Are You Smart, or What? A Bizarre Book of Games Fun for Everyone before purchasing it in order to gage whether or not it would be worth my time, and all praised Are You Smart, or What? A Bizarre Book of Games Fun for Everyone:

8 of 8 people found the following review helpful. Great and very important.By JoMamaHopefully you can appreciate

the real value of this book like I do. I didn't get the book, it went to my grandson while he was in jail. You should know he passed time working in that book. He enjoyed having it and so did the other fellows. Thanks for making his stay a bit more comfortable. BTW, charges were dropped. 0 of 0 people found the following review helpful. Five Stars By Liberty Mining was great 2 of 2 people found the following review helpful. Good range of mind puzzles By Amy I bought this for my boyfriend who is disabled and partially bed-bound. He's using the riddles and mind games to think about while he's laying in bed. He said some are difficult and others easier for him, so it has a nice range of difficulty and type of puzzle.

Are You Smart, or What? is the most entertaining book of word games, ever! It combines clever challenges and surprising answers with playful innovations to both amaze and amuse readers of all ages. All puzzles are concise and uncomplicated. They are about ordinary words and things that everybody knows about so the entire family can enjoy them.

...a fascinating puzzle book for all ages and educational backgrounds. Challenging yet lighthearted. ...the perfect gift book. -- The Midwest Book Im not partial to puzzles, but I had to solve almost every one before I could set it (book) aside. -- MENSА Bulletin, June 2001 "Fascinating puzzle book of brain teasers for all ages and educational backgrounds. Challenging and lighthearted. Are You Smart, or What? is the perfect gift book. Highly recommended." -- Jim Cox, The Midwest Book "I love puzzles and this is one of the greatest word game books I have ever read. Lighthearted and fun it still proved challenging. The answers are basic and obvious but somehow often elude the reader. When I could not figure one out and had to look at the answer it was always followed with a groan as I realized that I had overlooked the obvious. A great gift idea that the whole family will enjoy, I highly recommend this book." -- Harold McFarland, Top 50 er "This book's puzzles are so good they should be read with gloves. Why? They'll help protect the readers who'll slap their foreheads and yell "God! How could I miss that!" -- Erik Stetson, Soundings (Virginia Military Newspapers) "The perfect gift book for that special someone who thinks he/she is the brainiac of the group. Very cleverly laid out answers uniquely concealed in the book." -- Eric Dondero, Independent Publishing s "This is a fun book that can be enjoyed by the whole family." -- The Nashville News (Nashville, TN) "It's a great book for couples, and family fun. Everyone can participate." -- The Courier Times (Sutherland, NE) "Battaglia, a former rocket scientist, has put together a collection of clever challenges with surprising answers and amusing features. But unlike rocket science, the games are easy to understand and are fun for readers of all ages." -- Modesto Bee (Modesto, CA) "Dr. Fun's book, "Are You Smart or What?" is guaranteed to keep your kids occupied and entertained during even the longest road trip. Great word games and challenges - even (or especially for) adults!" -- Marisa D'Vari, Author/Consultant/Speaker From the Publisher International Puzzle Features is pleased announce that in addition to publishing Are You Smart, or What?, we also have taken over the publishing of Pat Battaglia's previous best seller So You Think You're Smart, 150 Fun and Challenging Brain Teasers. From the Inside Flap This book combines clever word games with several fun features including: (1) ingeniously concealed answers that are read by looking through the page (2) tongue-in-cheek scheme for rating the readers solving ability for each puzzle (3) humorous evaluation of the readers brain power at the end of each section (4) special page for personalizing the book for gift giving
