Prima Games : Quantum Break: The Secret History of Time Travel before purchasing it in order to gage whether or not it would be worth my time, and all praised Quantum Break: The Secret History of Time Travel:

0 of 0 people found the following review helpful. What kind of disappointed me was the quality of the ingame screenshots was ...By EzyPzyJapanezeThis book counts both as a game guide and a making of book which is in my

opinion how all the game guides should be made. It's packed full of content about making the game, it was very interesting to read through. The guide is straightforward enough, the game is linear, well apart from a few choices you make during the game. What kind of disappointed me was the quality of the ingame screenshots was lower quality than I expected, every single screencap had a very washed out, orange-ish tone. But it's a great book nevertheless.0 of 0 people found the following review helpful. Great companion to the game for collectorsBy M. E. NucklesThis is a great companion to the game. Play it through once on your own, then go back through and use the guide to pick up things you missed, make some different choices, and maybe see a different ending. Probably not for the casual player, but for people that really enjoyed the game and that like collecting this sort of thing, definitely worth the money.0 of 0 people found the following review helpful. Great to know more about Remedy and Quantum Break productionBy KarenMasterpiece about Quantum Break, must be read by fans. Great to know more about Remedy and Quantum Break production, plot and cast. Awesomeness!

Quantum Break: The Secret History of Time Travel includes...History of Remedy: A behind-the-scenes look at Remedy Entertainment, creators of Max Payne, Alan Wake, and other groundbreaking gamesincluding a foreword by Sam Lake, Creative Director at Remedy, and personal commentary from the designers.Early Development Concept Art Gallery: We showcase the concepts and prototypes from the games early years of development.
