The product is a 127 page artbook (112 pages dedicated to the game art/ rest is data stuff like events and quest list) that came out in Japan now finally translated by Udon. Contains character introductions of major and minor characters with information on them. Concept art and cg events are a nice touch as well.0 of 1 people found the following review helpful. Five StarsBy kristina zimmermanlovely collection of images from the game.

Record of Agarest War is an epic, multi-generational RPG where your decisions affect the power of future generations of heroes. Record of Agarest War 2: Heroines Visual Book collects the gorgeous artwork behind the newest installment in the Record of Agarest War franchise. Included are character designs, pinups, rough concepts, detailed item guides, and creator commentary.
