3 of 3 people found the following review helpful. Rock 'n' Roll TimesBy A CustomerThe book is divided into two section. The 1st being selected beatle and beatle related images. the 2nd is of numerous rockers in germany and france from 1961 and 1962. The beatle second has several of the common jurgen vollmer pictures but also includes rare pictures and alternates. to accompany the pictures in this section is jurgen's memories of meeting and befriending the lads. Now even though the book doesn't contain all of jurgen's images it does contain many that are rarely seen. This book is a must for beatle fans everywhere so please pick it up.
