For over thirty years I've been doing them, but it was difficult to find books full of them like this until I looked on and found lots of such books. I have enough of these books to last me for quite some time, but that's okay because I love figuring out the words then unscrambling the letters to figure out the picture puzzle. You can't go wrong with any of the Jumble puzzle books on . As always, offers you practically anything you could ever want or need and if I didn't know that before, I know it since I found my favorite puzzle books in abundance on their website. You get lots of Jumble puzzles and in various formats in this book. It's a fun puzzle book for people who like word puzzles. 0 of 0 people found the following review helpful. fun puzzles By DVD watcher My brother-in-law and I like doing the jumble

puzzles in the paper - it was who beat who to do them. These jumble books (they're the size of a coloring book and larger print) are great - LOTS of puzzles (usually around 180), a couple degrees of "difficulty". Fun puzzles - keep your mind sharp! I had trouble finding the smaller books at the market (only once in the last year) so I was REALLY glad to find these on (I'm addicted to jumbles). HOURS of puzzle solving! 0 of 0 people found the following review helpful. Thank You for the Book of Jumbles! By CustomerGave this to my mom who loves to do the Jumbles in the Newspaper. She was thrilled that she had a whole book of jumbles to do. The print is large so its easy on the eyes, but the best part is that its good for the mind. I will be buying her more in the future!

Kingly in its theme and as entertaining as ever, this collection of fun wordplay puzzles provides stimulating brain exercise with some laughs to boot. For more than 40 years, millions of newspaper readers have delighted in solving Jumble, which appears in hundreds of national papers and in these puzzle books that offer hours of challenging wordplay and fun. Each page features a series of mixed-up words coupled with a cartoon clue, and one letter from each word is used to form the answer to the puzzle.
