Ed Stark : SAGA FATE CARDS (Saga Fate Deck) before purchasing it in order to gauge whether or not it would be worth my time, and all praised SAGA FATE CARDS (Saga Fate Deck):

5 of 5 people found the following review helpful. A great buy for any SAGA fan!By M. RobinsThe Fate Deck is the key element to the SAGA role playing system. In this box you get not only a new deck (the gods know my first one saw enough abuse) but also fast-play rules on how the SAGA system works, a free (!) Dragonlance SAGA mini-adventure (one of four randomly packed), rules on playing both goblins and half-ogres in the SAGA rules, and instructions for a quick and fun game called "Dragon Wars" that requires only the Fate Deck to play! To me it was worth while just to get an extra deck, all the extra stuff makes it a steal at \$9.95! This is great for players and game masters of Dragonlance or any other game world! Take your Fate (Deck) into your own hands and become a new hero of Dragonlance! (yes, I know.. that was corny)

Now you can spin your own tales of fantasy and adventure! The Fate Deck is the heart of the SAGA roleplaying rules introduced in the award-winning DRAGONLANCE: FIFTH AGE game. Inside you'll find the basic rulebook, the deck of Fate Cards, and a DRAGONLANCE adventure to get you started on SAGA storytelling. This box also contains all-new SAGA rules expansions written exclusively for this package, as well as instructions for the DRAGON WARS game, an easy new tabletop game for 2 to 10 players that uses the Fate Cards. This box contains the same deck of Fate Cards featured in the DRAGONLANCE: FIFTH AGE dramatic adventure game. Although that game is not required to use the basic SAGA rules in this box, its expanded rules and background material provide added depth for roleplaying in the DRAGONLANCE world.
