Sante D'Orazio : Sante D'Orazio A Private View: Photographs and Diary before purchasing it in order to gage whether or not it would be worth my time, and all praised Sante D'Orazio A Private View: Photographs and Diary:

1 of 1 people found the following review helpful. A fashion photography masterpiece
By Robert Marcos Studios
This is a unique book - really more of a diary, with lots of photos of celebrity models naked. Some apparently after having slept with the photographer, (OMG what a great job!) I was not surprised that a male Italian fashion photographer was into women, but I was impressed to get a taste for his lifestyle, including religion, meals, family, and especially his travels. He includes visa stamps, train tickets, and dinner receipts in what I would describe as a very sexy travel log. This is the third time I have bought this book. I plan to keep this one!
Robert

By Nicholas Driscoll
Interesting photo book in a kind of diary format. Great photos and interesting insights into a model photographer's life.

people found the following review helpful. Simply breathtaking...By CustomerI recently recieved my copy of this book from and upon first opening the package was disappointed in the size of the book. While extremely thick I was hoping for a larger format for the photos to be presented in. With that very very minor gripe aside, let me begin to try and put into words how well done this collection of photos is.Sante D'orazio has had the oppurtunity to photograph some of the most beautiful as well as intriguing people on the planet, and has managed to capture them in their most natural seeming states. Wether it is a picture of Drew Barrymore on a tricycle, or Robert Deniro enjoying a cigar, every photo in the book is wonderfully done with such a personality to every photo that as a photographer makes me yearn to someday approach his skill. Rare is it I find a book of photography that the entire book interests me, as I often find some portions I enjoy a lot and others that bore me to tears, but this is a magnificent collection all the way through. If you are a fan of photography at all, please do yourself a favor and order this book, you will find yourself leafing through it over and over again in the future I promise.

Photographer Sante d'Orazio's work graces the covers and interiors of the world's leading fashion magazines. He's an insider in that elite group of rich, famous, and beautiful jet-setters whose celebrity and pulchritude have become an almost obsessive fascination for a public that can't get enough of them. Now this dazzling collection of over 600 color and black-and white-photographs--both intimate and revealing--provides a window into the exciting life of the man whose portfolio resembles a "who's who" of entertainment and fashion. The faces and bodies--including many nudes--of supermodels, movie stars, musicians, and artists grace the pages of this lush volume in images from magazine and celebrity shoots as well as in candid photos which capture private moments with delicious spontaneity. And throughout, a collage of travel souvenirs and personal notes--written in d'Orazio's own hand--about his work, travels, and fascinating photographic encounters provide a startling window into the life of this remarkable artist. More than a mere photographic collection or celebrity journal, A Private View offers a voyeuristic vision of a lifestyle watched by many, but lived by few.
