**John Scarne : Scarne on Card Tricks (Dover Magic Books)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Scarne on Card Tricks (Dover Magic Books):

2 of 2 people found the following review helpful. Brings back good memories By ChadW This book brings back good memories as it was my first card trick book when I was a child in the 80's. The tricks are simple and effective and require no slight of hand. They can be performed with just a normal deck of cards. The pictures in the book look a little dated, but this doesn't take away from any of the tricks. One of the more complicated tricks is still one that I

perform to stunned friends after more than 30 years. 1 of 1 people found the following review helpful. Pretty good. By IVE29 There's some pretty good tricks in this book, especially if you like to prearrange decks. 0 of 0 people found the following review helpful. Old School By ralph collier This is the original 'bible' for card tricks, published initially in 1950, so the language is rather archaic. Once I got past that, there's some great stuff in here.

This marvelous treasury of card magic presents the exact details of 155 professional card tricks none of them requiring sleight-of-hand dexterity assembled by the world's number-one card wizard, John Scarne. An authority on gambling and card tricks, Scarne won renown for teaching professional gamblers how to sharpen their skills and avoid being fleeced. For this collection of mystifying and effective maneuvers, he assembled an exciting series of original effects and classic card tricks, reworked to eliminate the need for sleight-of-hand. Simple instructions and clear diagrams illustrate Houdini's "Card on the Ceiling," Blackstone's "Card Trick Without Cards," Carlyle's "Piano Card Trick," Milton Berle's "Quickie Card Deal," and dozens more. Also included are Scarne's "Drunken Poker Deal," "Knockout Card Trick," and others from his repertoire tricks that have fooled some of the world's leading magicians. Scarne presents all tricks with advice on accompanying patter, offering helpful suggestions about the kinds of words and gestures that give performances a professional gloss. Anyone can learn these tricks, and this single volume contains everything a would-be master of card magic needs to know.
