GrayClassic card tricks I have used for years. I bought this for a young friend that loves card tricks.1 of 1 people found the following review helpful. Great book for gamblersBy California StevenI loved this book as a teenager and recently reread it. Scarne gives a good overview of gambling strategy and mathematics, plus some info on looking out for cheaters. His style is great too and a trip back to the cool 50s and 60s.

A book about ard games by one of the most foremost experts in the field.
