Great value for tons of card + non-card magic effectsBy John OA huge source of material for the card magician combined with a lot of non-card effects combined into one book! I'm not even finished with the card section and it is already worth the price!1 of 1 people found the following review helpful. Great little referenceBy v\_rozeA classic on 'no fail' tricks. Solid introduction to magic beyond typical child-like introductions. Some tricks are quite, quite good.1 of 2 people found the following review helpful.
