Five StarsBy Joe Millervery happy with book and delivery time5 of 17 people found the following review helpful. No comment neededBy Z. M. RidgwayDvoretsky is just the master. He is probably the most respected chess instructor living today; his books all testify to this fact.Be warned

however that this book is aimed at a VERY high level of player - from what I understand Dvoretsky books are usually recommended to players above USCF 1800.

The fourth in Mark Dvoretsky's School of Chess Excellence series, this book analyzes opening problems that players may face in any game. As always, there are numerous examples to help illustrate the best choices to make for chess success.
