Anna Lukas : Schwedenrtsel fr Knner 2 Grodruck (German Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Schwedenrtsel fr Knner 2 Grodruck (German Edition):

0 of 0 people found the following review helpful. Clever and fun!By SuliDollGot this item for my dad, who used to do a lot of these in Germany, however was unable to find crosswords in the surrounding area that were similar to the ones who used to do in Germany. Upon searching we stumbled across this and some other crossword collections. Item arrived relatively fast and it is very clever and fun way to pass some time while challenging your mind and learning new things. My dad loves these very much and can't wait to get more. i would definitely recommend this for anybody that likes crosswords.
