Not as describedBy SealetterThis is only a crossword book. Nothing like the cover photo or description: no scrabble markings. Great if you like crossword puzzles with realy only word synonyms or definitions. Not-so-good for scrbble players.2 of 2 people found the following review helpful. Why identify with Scrabble?By JALWhile these puzzles have nothing to do with Scrabble, they are challenging. The spiral binding ensures that, when opened, the book is flat. The stiffer cover makes it easy to write on when one is traveling and the generous spacing around the puzzle gives one a place to jot down notes/possible solutions.

How can dedicated SCRABBLE fans sharpen their skills when theyre not playing their favorite game? Heres a

collection of challenging puzzles in which every answer is an approved SCRABBLE word. There are no proper nouns, abbreviations, acronyms, or slang. As solvers work out the crossword answers, theyll build a winning vocabulary for the game. And since each puzzle contains every letter in the alphabet, theyll also learn new high-scoring words using the Q, the Z, and other high-value letters. All the words are guaranteed legally playable on the board, and have been checked in the fourth edition of the Official Scrabble Players Dictionary.
