4 of 4 people found the following review helpful. the book is useless to me By Kindle Customer I do not know if this person is using the word list for the United States or Europe. If he is in the U.S. I question his list, since I found two misspellings in the two letter words. They are zo (versus za) and ko (versus ki). It also includes gu which is not on the two letter list. There are other two letter words that are not acceptable. Since I would not recognize the incorrect words in the other lists, the book is useless to me.
