Inc. Sterling Publishing Co. : SCRABBLE Score Tile Tracker before purchasing it in order to gage whether or not it would be worth my time, and all praised SCRABBLE Score Tile Tracker:

8 of 8 people found the following review helpful. Good for learning new words!By Penguin GirlI really only bought this for the 10 pages at the end that are great word lists. I love the two-letter word list that also shows you what letters can be added to the beginning or end of a word. There are also lists for the hard letters (J, Q, X, Z) and for if you have lots of vowels! If I run out of score sheets with my scrabble set then I will probably use the score sheets in this book.0 of 0 people found the following review helpful. Five StarsBy D. FreyExcellent buy. The score pads can be used with other games, too.0 of 0 people found the following review helpful. Good Scrabble Score Tile Tracker BookBy DefMapleLeafI choose this five blue stars as I love it as well as I like to read this book to challenge on Scrabble games.

SCRABBLE fans will love these handy perforated scoresheets, which let them study their favorite matches over and over. It contains two-color grids for both two- and four-player games, with spots to note the letters you draw, the word you play, and your score. Later, players can look it over to see whether or not they made the best possible choice. There's also a full-color mini SCRABBLE board to write in plays, with all the possible tiles grouped below. This allows you to further analyze past competitions, while a tile tracker helps you keep track of which letters are left in the bag during and at the end of the game. A final section features wordlists based on the newly updated Fourth Edition of The Official SCRABBLE Players Dictionary.
