He has made it easy to move off the kitchen table and into serious ...By mscmsDr. Baron has consistently given the Scrabble players the method and means to play this game at its highest level. He has made it easy to move off the kitchen table and into serious gamesmanship. The organization of the latest edition is outstanding! Each word list is magnificently and meticulously developed. I have used this volume to introduce the game to high school students, who are intrigued by the adding of letters to create new words (e.g. two-to make three.) Thank you, Dr. Baron.49 of 50 people found the following review helpful. Great valueBy True GrinderThis book is a terrific value. It can be used in place of the Scrabble dictionary during games, and it's easier to find the words because there are no definitions, and the words are listed in alphabetical order AND alphagram order. It also gives you ideas as to what order to learn the word lists in. I would recommend, though, that as soon as you receive

this book you get it spiral-bound with a coil binding at OfficeMax (cost: \$4.50). I found that the binding cracked and the pages started falling out after only two weeks. But with the new binding I can lay the book flat and study it while I'm eating, and the pages don't go anywhere. 1 of 1 people found the following review helpful. Great Gaming Book By Marsha L. Ward This is a wonderful helper if you enjoy Scrabble or Words. I find it very user friendly and I use it everyday! Try it! You won't be disappointed. The only problem is the size of the book, it's big and gets in the way sometimes. It's well worth it I must say, always has what I need!

Whether at an official tournament or a home kitchen table, every SCRABBLE player wants to be a winner and these specially selected words and expert hints are guaranteed to boost scores. Based on the Official Scrabble Players Dictionary, Fourth Edition (currently one of the bestselling games and puzzles books) and with foreword by World SCRABBLE Champion Brian Cappelletto, this is the equivalent of an intensive training course. Complete with winning word lists, such as those that combine high-scoring letters, those that have a preponderance of vowels, and those that allow multiple I and U dumps, it also offers tips on hitting triple-triples and achieving those elusive 7-letter bingos.

This is a terrific book for Scrabble players. Will Shortz, Crossword Editor, The New York Times and Puzzlemaster, NPR When I open the book and began riffling the pages, I feel a pulse. It feels as if I have found the secret to Scrabble success. His lists were a revelation.
