Filling the gap none others due.By MaxDWolfI almost never give a book 5 stars, and probably wouldn't have here if it weren't for the fact that the book is practically the only of its kind in my experience. I would estimate it is best for the 14-20 kyu (American), but one can stretch that by 4 in either direction.I would say this books greatest strengths are its breadth and its focus on principles and explanation.3 of 8 people found the following review helpful. A must have if you want to learn the game of Go.By A. PageThe rules of Go can be explained in less than 10 minutes. This book takes you to the next step after to rules to the basic mechanics, concepts, and features of the game; how Go "works".

The Second Book Of Go takes the reader who has learned the rules and rudiments of strategy and introduces him or her to the fundamental ideas required to get to the 12 kyu level.
