**Rolf Slotboom : Secrets of Professional Pot-Limit Omaha: How To Win Big, Both Live And Online** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Secrets of Professional Pot-Limit Omaha: How To Win Big, Both Live And Online:

4 of 4 people found the following review helpful. The Shortstacking Guide Book...By Professor S This book is the definitive book on Omaha shortstacking. Shortstacking is a way of buying into a game for the absolute minimum

amount of money and using small mathematical edges to make a profit. Short stackers like to buy into a game, increase their stack once and then quit. This book is a useful tool even if you are only using it as a way of understanding / defending against short stackers. For those of you who are looking for a low-risk way of playing / learning the game, the book is somewhat useful, though not great. It is more of a gimmick tool that is awesome to beat loose full-table games, but will not work in others (and the author is open about all of this). 0 of 0 people found the following review helpful. The whole book is more like many pieces glued together. By Customer really don't think his short strategy works that well nowadays. The whole book is more like many pieces glued together, not very inspiring. 0 of 0 people found the following review helpful. Five Stars. By Terry Eerv Easy to read. Good information.

Pot-Limit Omaha is a fascinating game which is rapidly increasing in popularity on the back of the current poker boom. However, there is a dearth of quality material giving advice on how to handle all elements of this complex form of poker. Until now...

"Rolf Slotboom is the best short-stack Pot-Limit Omaha player in the world. After this book, Pot-Limit Omaha will never be the same." -- Rob Hollink
