**Avery Cardoza : Secrets of Winning Slots** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Secrets of Winning Slots:

0 of 0 people found the following review helpful. Horribly out of date - Don't waste your money By kenoqueen I seldom give bad reviews, and I have only returned one other book (which I downloaded by mistake) in all the years I have been getting them from. Normally if I am not satisfied with a book, I just eat the cost and make a mental note to avoid that author in the future. But this book was such a rip-off it warranted the rare bad review AND the even more

rare return. I skimmed over the never ending chapters on the history and workings of a slot machine and the commonsense advice about bankroll and players' cards and how to put your money in a machine because if you have ever read a book on slots you have seen all of that before. But for the price of this book, one would assume that the information would be updated every once in a while so it is current. Wrong. The main reason I bought it was because the "slot machine types" in the table of contents led me to believe I might find something new to try on my next casino trip. Wrong again. The examples and "insider tips" on the best games to play are so horribly out of date it isn't even funny - a lot of those games don't even exist any more. It needs to be updated, taken off the market, or the price dropped to make it worth the minuscule bit of good information you might actually get from it if you have never, ever walked into a casino in your life. Otherwise, it is a waste of the bandwidth it takes to download it. 0 of 0 people found the following review helpful. Slot Secrets Revealed! By LdyBoone This great book features secrets of playing and winning at slots. It is a most interesting book. 0 of 0 people found the following review helpful. One Star By bonitaold book

The most complete book on beating the slots ever written not only shows players how to get comps galore including cash rebates, but also presents more than twenty actual winning strategies, many for the first time ever! Close to one hundred pages of strategies cover multipliers, multi-paylines, mega paylines, Big Berthas, Buy-Your-Play, mega progressives, multiple progressives, and Wild Symbol, plus chapters on slots misconceptions, percentages, money management, history, and extensive coverage on Slot Clubs. This best-selling favorite to beating the slots features twenty winning strategies!
