from various characters to be fair as the characters are interesting and like them not for the ecchi part of the show but for being badass action girls with different fighting art styles and character tropes .to bad that Estival Vs didn't make the cut as i would have loved some Renka pictures , but hopfully they wouls realease an english EV design book as well .for this art book if your itching for some senran kagura art this a wonderful book for fans , ecchi lovers and gaming fan alikenote there are also a wonderful interview section at the end of the book with the series creator and artist also that is amusing to read , as well as some ultra cute and funny comic strip section of each game end chapter that really made this book much worthwhile .im craving for more US released SK US art books in the future and hopefully with US release of EV they might do one for that game ( Gotta get me some Renka pictures ) .1 of 1 people found the following review helpful. Beautiful ArtworkBy Rares GruianThe artwork in this book is amazing and each page is filled with something new. Nearly every image is a finished work of art. I wish there would have been more sketches and examples of different stages of development simply because that's what interests me (there are a few sketches at the end but not much), but what is here is so well done. There is also an interview with the producer and an artist of the Senran Kagura series which is very insightful and funny. The quality of the book itself it top notch as well, very nice paper and quite sturdy for a paperback. I wish it could have been hard cover but oh well.0 of 0 people found the following review helpful. Love Senran Kagura!By KothWow this book is very high quality and attractive if you are into anime chicks. it came fast and in perfect condition would buy again if I had to but I plan on taking care of it so take it as a positive.

Enter the world of Senran Kagura, where the beautiful girls of several secret ninja academies engage each other in fierce shinobi battles and look great doing it! Senran Kagura: Official Design Works collects the fantastic illustrations of bakunyuu artist Nan Yaegashi. Gathered is imagery from the original Senran Kagura game, as well as Senran Kagura Burst, Senran Kagura Versus, and more. Inside youll find character designs, pinups, in-game artwork, character profiles, plus an exclusive interview with the games creators!
