Five StarsBy BrishenGreat photography

One of the top hair stylists in the world shares a collection of photographs of today's leading actresses and models--including Liv Tyler, Jennifer Aniston, and Kate Moss--that epitomizes his sense of artistry and fashion. 25,000 first printing.

From Publishers Weekly This high-end, glossy collection of photographs of beautiful people pays tribute to the stunning talent of hairstylist Normant (who has worked with actors and supermodels from Cameron Diaz and Catherine Zeta-Jones to Julianne Moore and Kate Moss) and portrays its subjects in all their come-hither glory. The photostaken by celebrity fashion photographers including Patrick Demarchelier and Herb Ritts are staged extravaganzas, whether in color or bw. There's Ellen Barkin, draped in fur and sporting fishnets and a glamorous bob; Julia Roberts, seen in profile with an updo and tiara worthy of a Miss America; Bridget Hall on the phone, wearing a tiny, sequined two-piece, platform heels and her hair in Judy Garland-esque curls; and Sarah Jessica Parker as a Renaissance beauty, long hair loosely braided. While the book isn't one to tote along to the salon in an effort to have a beautician copy a look, it nevertheless delightfully shows off Normant's wild imagination.
